

SAFETY ANNOUNCES FIRST QUARTER 2016 RESULTS AND DECLARES SECOND QUARTER 2016 DIVIDEND

Boston, Massachusetts, May 3, 2016. Safety Insurance Group, Inc. (NASDAQ:SAFT) today reported first quarter 2016 results. Net income for the quarter ended March 31, 2016 was \$12.7 million, or \$0.84 per diluted share, compared to net loss of \$35.1 million, or \$2.37 per diluted share, for the comparable 2015 period. Safety's book value per share increased to \$43.46 at March 31, 2016 from \$42.70 at December 31, 2015. Safety paid \$0.70 per share in dividends to investors during the quarters ended March 31, 2016 and March 31, 2015, respectively. Safety paid \$2.80 per share in dividends to investors during the year ended December 31, 2015.

Direct written premiums for the quarter ended March 31, 2016 increased by \$1.3 million, or 0.6%, to \$196.0 million from \$194.7 million for the comparable 2015 period. The 2016 increase occurred primarily in our homeowners and commercial automobile lines of business, which experienced increases in average written premium per exposure of 7.6% and 3.2%, respectively.

Net written premiums for the quarter ended March 31, 2016 increased by \$0.4 million, or 0.2%, to \$185.7 million from \$185.3 million for the comparable 2015 period. Net earned premiums for the quarter ended March 31, 2016 increased by \$3.1 million, or 1.7%, to \$185.7 million from \$182.6 million for the comparable 2015 period. Net written and net earned premiums increased primarily due to the factors that increased direct written premiums.

For the quarter ended March 31, 2016, loss and loss adjustment expenses incurred decreased by \$82.3 million, or 39.5%, to \$126.0 million from \$208.3 million for the comparable 2015 period. Loss, expense, and combined ratios calculated under U.S. generally accepted accounting principles for the quarter ended March 31, 2016 were 67.9%, 30.1%, and 98.0%, respectively, compared to 114.1%, 28.5%, and 142.6%, respectively, for the comparable 2015 period. Loss, expense and combined ratios for the quarter ended March 31, 2015 were impacted by the highest recorded snowfall totals in Massachusetts history. Total prior year favorable development included in the pre-tax results for the quarter ended March 31, 2016 was \$10.1 million compared to \$4.1 million for the comparable 2015 period.

Net investment income for the quarter ended March 31, 2016 decreased by \$1.0 million, or 8.8%, to \$9.6 million from \$10.6 million for the comparable 2015 period. The decrease is a result of changes in the average invested asset balance as a result of investment proceeds used in the payment of claims resulting from the 2015 winter events. Net effective annualized yield on the investment portfolio for the quarter ended March 31, 2016 was 3.2% compared to 3.4% for the comparable 2015 period. Our duration was 4.1 years at March 31, 2016 and December 31, 2015, respectively.

Today, our Board of Directors approved and declared a quarterly cash dividend of \$0.70 per share on the issued and outstanding common stock, payable on June 15, 2016 to shareholders of record at the close of business on June 1, 2016.

Cautionary Statement under "Safe Harbor" Provision of the Private Securities Litigation Reform Act of 1995:

This press release contains, and Safety may from time to time make, written or oral "forward-looking statements" within the meaning of the U.S. federal securities laws. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words such as "believe," "expect," "anticipate," "intend," "plan," "estimate," "aim," "projects," or words of similar meaning and expressions that indicate future events and trends, or future or conditional verbs such as "will," "would," "should," "could," or "may". All statements that address expectations or projections about the future, including statements about the Company’s strategy for growth, product development, market position, expenditures and financial results, are forward-looking statements.

Forward-looking statements are not guarantees of future performance. By their nature, forward-looking statements are subject to risks and uncertainties. There are a number of factors, many of which are beyond our control, that could cause actual future conditions, events, results or trends to differ significantly and/or materially from historical results or those projected in the forward-looking statements. These factors include but are not limited to the competitive nature of our industry and the possible adverse effects of such competition. Although a number of national insurers that are much larger than we are do not currently compete in a material way in the Massachusetts private passenger automobile market, if one or more of these companies decided to aggressively enter the market it could have a material adverse effect on us. Other significant factors include conditions for business operations and restrictive regulations in Massachusetts, the possibility of losses due to claims resulting from severe weather, the possibility that the Commissioner of Insurance may approve future Rule changes that change the operation of the residual market, our possible need for and availability of additional financing, and our dependence on strategic relationships, among others, and other risks and factors identified from time to time in our reports filed with the SEC, such as those set forth under the caption "Risk Factors" in our Form 10-K for the year ended December 31, 2015 filed with the SEC on February 26, 2016.

We are not under any obligation (and expressly disclaim any such obligation) to update or alter our forward-looking statements, whether as a result of new information, future events, or otherwise. You should carefully consider the possibility that actual results may differ materially from our forward-looking statements.
